

BENEFITS OF CSci

ANS RELAUNCH THE CHARTERED SCIENTIST (CSci) APPLICATION PROCESS

New Application Process opens 1st January 2019
Make this your New Year's Resolution!

Chartered Scientist (CSci) status is a professional registration awarded by the Science Council via the ANS. Holders of this registration can use the post-nominal letters CSci.

Following the ANS license review with the [Science Council](#), ANS were instructed to make changes to the application process in order to ensure that all Science Council license bodies follow a similar format. We are very excited to re-launch the new and improved application process.

To register your expression of interest you can complete a simple registration form (attached). You will be sent the guidance information and relevant application form. ANS will be happy to provide a mentor to help you compile your application portfolio

THE APPLICATION FEE FOR CSci is £75

Enquires about the process, registering interest for returning application should be made to csci@ansuk.org

Please note that applicants are required to have current ANS registration. Please contact the ANS membership secretary for details of how to join – membership@ansuk.org

Public recognition of your professional excellence

Registration recognises your knowledge and experience alongside any qualifications you may have, It also demonstrates your commitment to integrity, regard for public interest and responsibility for others.

Increase your confidence and skill

Applying for CSci registration supports and encourages you to reflect on what you have achieved in your career so far.

Demonstrate your ethical credentials

Registration tells others that you are committed to working to high ethical standards and gives them trust and confidence in you as a professional scientist.

CSci professional scientists agree to be bound by the Science Council's Model Rules of Conduct for Registrants as well as the code of professional conduct of ANS.

Improve your chances of promotion

Registration is a mark of quality and competence that is sought after by employers and helps you stand out from the crowd.

Join a worldwide community of cross-disciplinary scientists
